

JACOB HARRIS

Software Project Manager • Orlando, FL

QUALIFICATIONS

Experienced team-builder with strong management skills • Effective manager of client and stakeholder relationships

Clear communicator of complex technical concepts • Versed in the software development life-cycle

Seasoned software developer with apps in the App Store

EXPERIENCE

Technical Lead • Appworks • SEP 2017 - CURRENT • REMOTE

Oversee the technical aspects of three concurrent mobile app projects. Interface directly with developers, conduct code reviews and quality assurance tests, and assist with management of backlog and current sprints. *Jira / iOS / agile / client-facing*

Senior Project Manager • Matlock & Associates • JAN 2017 - AUG 2017 • REMOTE

Managed a team of remote developers building apps to enable the training, transport, and veterinary care of bomb-sniffing dogs. Leveraged technical experience to analyze project requirements, define scope and documentation, author roadmaps, and lead daily scrum meetings. Communicated with stakeholders to keep projects moving. Interviewed prospective developers and contributed to proposals for future projects. *Jira / Aha! / scrum / client-facing*

iOS Developer • JUN 2013 - JAN 2017 • REMOTE

STICKYGUIDE • [Custom White-Label Apps](#)

Cannabis dispensaries receive their own app in the App Store when they subscribe to this "iOS App as a Service." Responsible for mobile architecture and complete iOS implementation. *Jira / iOS / API's / client-facing*

APPWORKS • ["Sudz"](#)

Brought on to push an app across the finish line. Collaborated with product and API teams to fix numerous show-stoppers. Participated in client reviews. Set up realistic technical goals to align with business needs. *Jira / iOS / client-facing*

INCIPIA • "Swipe Meal"

Co-led the buildout of an iOS app to support a user-driven product marketplace. Responsible for payments architecture and Firebase integration. *Jira / iOS / Firebase / payments*

WEDO • ["WeDo"](#)

Built from scratch a loosely-coupled iOS chat module with a familiar, modern interface; integrated with an existing app. Featured a networking layer to query for data and a robust model to manage all conversations and messages. *Jira / iOS*

Software Developer • Method Studios • JUN 2011 - MAY 2013 • LOS ANGELES, CA

Developed a Python API for transcoding image sequences to QuickTime movies. Co-authored and implemented facility-wide software policies. *Python / API's*

Digital Artist • JUN 2008 - JUN 2011 • LOS ANGELES, CA

METHOD STUDIOS *Transformers: Dark of the Moon • Pirates of the Caribbean: On Stranger Tides*

DIGITAL DOMAIN *Real Steel • TRON: Legacy*

LUMA PICTURES *Harry Potter and the Half-Blood Prince • X-Men Origins: Wolverine • Underworld: Rise of the Lycans*

EDUCATION

Bachelor of Science, Computer Animation
FULL SAIL UNIVERSITY • APR 2008 • WINTER PARK, FL
